

### SPECIAL NOTES - WATER

#### PHASE NO. 1

Main shut-off for Apartments 10903 to 10919 inclusive is located 15 feet from curb.

Individual shut-off for Apartments 10905 and 10907 is located in the Southeast corner of Hobby Shop.

Individual shut-off for Apartment 10903 is located under vent fan in card room (next to pool room) in the Northeast corner of building.

Individual Townhouse shut-offs are located near the south corner of storage room close to each unit.

### GENERAL NOTES - WATER

Main shut-off wrench is hanging on fence outside of and just south of Maintenance Building (behind Apt. 10811).

All building shut-offs (except as noted above) are located in square concrete boxes about 1 ft. by 2 ft.

Main valves serving east side of Glen Acres Drive are close to the curb. Those serving the west side are about 3 to 4 feet from curb.

All main water valve locations have BLUE paint on curb.

All mains to Apartment and Townhouse buildings are shown with dotted lines which indicate general location only.

### GENERAL NOTES - GAS

All appliances have individual shut-offs.

All main shut-offs require crescent wrenches or large pliers.
